SUMMARY

Results driven B.Tech student specializing in Artificial Intelligence and Data Science with hands-on experience in building real-world AI, computer vision, and NLP-based solutions. Skilled in full-stack development, data analysis, and deploying scalable applications. Strong problem solver with a passion for developing intelligent systems that create practical impact. Continuously learning and applying modern technologies to deliver efficient, high-quality solutions.

TECHNICAL SKILLS

Java	Machine Learning	Git & GitHub
Python	MySQL	Node.js
NLP	React.js	Hugging Face

PROFESSIONAL EXPERIENCE

AI Voice Assistant System (IoT + LLM Integration)

Jan 2026 - Present

- Developed an AI-powered voice assistant integrating ESP32, INMP441 microphone, and speaker hardware.
- Implemented speech-to-text and text-to-speech pipelines with LLM-based response generation.
- Deployed AI model via Hugging Face API for real-time intelligent query handling.
- Built end-to-end workflow including audio capture, cloud processing, and device-level response output.

AI-Driven Hybrid Agricultural Advisor

Feb 2025 - Dec 2025

- Built Namma Uzhavan Nanban, a bilingual AI assistant designed for paddy farmers, supporting both online and offline usage to bridge the digital divide in rural areas.
- Implemented a hybrid LLM system that switches between Google Gemini when online and a local Ollama model for offline intelligent responses.

EDUCATION

B.Tech in Artificial Intelligence and Data Science

2024 – Present

Stella Mary's College of Engineering, India

- Specialization in Machine Learning, Deep Learning, and Data Analytics.
- Coursework: Data Structures & Algorithms, Computer Networks, Operating Systems, Database.

INTERNSHIP

Full Stack Developer Intern – Ten Tech

- Developed EventEase web application using React, Bootstrap, and PostgreSQL with authentication features.

ADDITIONAL INFORMATION

- Languages:** English, Tamil, Spanish.
- Certifications:** Data Analytics – IBM skill build,Database Foundation - Oracle Academy,Data Science - CISCO.
- Awards/Activities:** 2nd Place in a National Level Technical Symposium; recognized for designing a dynamic user interface using React and Bootstrap.
